## Super Spot Income 10%

When I upgrade my ID to premium, I start earning profits from my team. Each time I top up my ID, I receive 10% from my team's first-level top-up, then 10% from the second level, and so on, up to the 20th level. This process continues, with me earning 10% from my 20th-level team's top-up after I have topped up my ID 20 times. This system provides me with an opportunity to contribute to my team's progress and offers a systematic way to increase my earnings. At each level, I receive a fixed percentage of their top-up, creating a stable and efficient method to enhance my income. Through this process, a strong and mutually beneficial relationship is established between me and my team, fostering collaboration and growth.
